Our routine review of Schools and Libraries Program funding commitments has revealed certain applications where funds were committed in violation of Program rules.

In order to be sure that no funds are used in violation of Program rules, the Universal Service Administrative Company (USAC) must now adjust the overall funding commitment. The purpose of this letter is to make the required adjustments to the funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the service provider is responsible for all or some of the program rule violations. Therefore, the service provider is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see "Red Light Frequently Asked Questions (FAQs)" posted on the FCC website at http://www.fcc.gov/debt_collection/faq.html.

Funding Commitment Adjustment Report
Form 471 Application Number: 410779

Funding Request Number:	1126489
Contract Number:	MTM
Services Ordered:	INTERNET ACCESS
Billing Account Number:	n/a
Original Funding Commitment:	\$23,652.00
Commitment Adjustment Amount:	\$23,652.00
Adjusted Funding Commitment:	\$0.00
Funds Disbursed to Date:	\$23,652.00
Funds to be Recovered from Service Provider:	\$23,652.00

Funding Commitment Adjustment Explanation:

After a thorough investigation, it has been determined that this funding commitment must be rescinded in full. During the course of a review it was determined that this is a request for telecommunications service, not Internet access, and that the service provider is not a telecommunications carrier. FCC regulations provide that telecommunications carriers are eligible for universal service support. The FCC has determined that to be eligible to receive universal service support for telecommunications services, the service provider must be a telecommunications carrier. A telecommunications carrier is an entity that provides telecommunications services, i.e., transmission services on a common carriage basis. To be a telecommunications carrier, the carrier must (1) allow the customer to transmit information of its own design and choosing, without change in the form or content of the information, and (2) provide that capability for a fee directly to the public, or to such classes of users as to be effectively available to the public (i.e., hold itself out to serve indifferently all potential users). Since this is a request for telecommunications service from a service provider that is not eligible to receive universal service support for telecommunications service, the commitment has been rescinded in full and USAC will seek recovery of any disbursed funds from the service provider.
